

BrainHealthFair.com

We Want to See Your Cool Brain-related Science Projects!

Your students are invited to participate in the Science Fair during the 2016 Brain Health Fair. This exciting, day-long event will connect hundreds of Vancouver area residents with some of the best and brightest neurologists in the world.

Submit your cool science projects about the brain, spinal cord, nerves, or muscle. The top two posters will receive a prize (must be present). All participants will receive a certificate of attendance, and a special gift from the American Academy of Neurology!

Looking for potential project ideas?

Visit brainfacts.org/educators/educator-resources

Project proposals should be no less than two pages and no more than five pages. Middle school students and older should follow the format of: Background, Hypothesis, Methods, Results, and Discussion. Younger students may submit any plan briefly explaining what will be investigated and presented.

2016 Brain Health Fair Science Fair
Friday, April 15, 2016 • 10:00 a.m.–4:00 p.m.
Vancouver Convention Centre, Vancouver, BC, Canada

Submission Deadline: March 30, 2016
Submit Projects to: kmitchell@aan.com

Application available at BrainHealthFair.com

An illustration of a city skyline with various colored buildings (green, purple, orange, blue, red) on a green globe. A bridge with a blue and orange railing spans across the globe. In the background, there are grey mountains.

The 2016 Brain Health Fair is presented by the American Academy of Neurology (AAN), the world's largest association of neurologists. Each year the Brain Health Fair is scheduled during the opening day of the AAN's Annual Meeting, which brings more than 12,000 neurologists and health care professionals into a host city.
