Medical Student Volunteer Opportunities:

The AAN is currently seeking medical student volunteers for the day of the 2017 Brain Health Fair taking place on Friday, April 21 at BCEC Convention Center. Below are the volunteer opportunities available for medical students. We are looking for volunteers with interest in volunteering for a 2 hour (or more) shift on this day.

Education Pods:

New opportunity: In this area we will be securing medical student volunteers to shadow the experts to learn more about the communication that occurs between a neurologist and a patient in the following disease specific pods:

1. Parkinson's Disease/Movement Disorders
2. Child Neurology
3. Alzheimer's & Dementia
4. Pain & Headache
5. Concussion
6. Stroke
7. Multiple Sclerosis
8. Epilepsy

Holding Human Brain/Animal Brains:

Engage and assist attendees with the Human Brains to hold and Animal Brains to view.

Cranial Nerve Stations:

8 different stations designed to help attendees learn about the nerves that govern your senses.

Helmet Giveaway:

Assist in free bike helmet distribution to attendees.

*If you are interested in volunteering please contact Brittany Behrendsen at
BBehrendsen@aan.com.*
